Ideal Memorizing Technique

1

Listening

Listen twice to recitation of the Qur'an with precise articulation and intonation from a Qur'an reading master.

Recitation

Look at the verses and repeat the preservation part not less than fifteen times.

2

3

Recitation by Heart

Reciting the preservation part by heart 3 times minimum.

The aim of the repetition is immortal reciting and memorizing which will make it easier to remember anytime. There is no doubt that much of repetition is exhausted in the beginning, but it will become an enjoyable habit if the memorizer takes in consideration that he is repeating Allah Almighty's Words and the reward of reading a letter is multiplied many times.

* The ideal memorizing technique schedule is in the following page. In case of completing the page, the participant can follow the same planning way in an extra sheet.

وقال يا رب ادعوني استجب لي

Allah said: «Call upon Me; I will respond to you».

O, Allah, bless me by the Quran, and let It inspire and guide me, light my way and be a source of mercy and treatment. O, Allah, help me to remember that of the Quran which I have forgotten. And teach me of the Quran that which I do not know. O, Allah, make me know of it that which I have become ignorant of. Empower me to recite it night and day. O, Allah, make it an argument for me. And make it the authoritative source to which I turn, O, Allah of all that is.

O, Allah, make my religion easy for me by virtue of which my affairs are protected, set right for me my world where my life exists, make good for me my Hereafter which is my resort to which I have to return, and make my life prone to preform all types of good, and make death a comfort for me every evil.

O, Allah, apportion for us, fear of You, that shall come between us and acts of disobedience of You, and with obedience to You, which shall cause us to obtain Your Paradise, and of certainty, which shall make the afflictions of the world easy for us, and enjoyment of our hearing, and our seeing, and our strength as long as You keep us alive, and make it the inheritor of us. And let our vengeance be upon those who have wronged us, and aid us against those who show enmity towards us, and do not make our affliction in our religion, and do not make this world our greatest concern, nor the limit of our knowledge, and do not give power over us to those who will not have mercy on us.

O, Allah, grant us the good things and blessings in this life, and the good things in the next life, and save us from the punishment of the Fire. Ans blessings and peace of Allah be upon the most honored of messengers our master Muhammad and upon all his family and companion

- **The Qur'an reciters deserves Esteem and reverence in Abodes (the two):** The Messenger Mohammed May the

blessings of Allah be upon him! Said:” It is out of reverence to Allah in respecting an aged Muslim, and the one commits the Qur’an to memory and does not exaggerate pronouncing its letters nor forgets it after memorizing, and to respect the just ruler” Reported by Abu Dawud.

Moreover, it is reported that The Messenger (SAW) said: Allah exalts many people by means of the Qur’an and He also disgraces many others through it. It is has been transmitted by Muslim.

- **The Qur’an reciters are Allah’s own people among mankind:** It has been reported by `Anas (RA) that the Messenger (SAW) said: ‘For Allah, amongst people, there are some who are of his household.’ The Sahabah (RA) enquired, ‘who are those people, O Messenger of Allah?’ He replied: ‘People of the Qur’an. They are of the household of Allah and are His favored ones.’ Transmitted by Ibn Majah and Ahmad, Alalbani classified it is as sahih.

reported that the Messenger (SAW) said: There is no jealousy except for two persons. A person who has been blessed with this Qur'an by Allah and he remains engaged with it day and night, and a person who has been blessed with wealth by Allah and he donates it day and night. "Agreed upon it"

• **Reciting, memorizing and acquire The Holy Book is better than this world and what it contains:** It is reported that the Messenger (SAW) said: Does not one of you go out in the morning to the mosque and teach or recite two verses of Allah's Book? That is better for him than two she- camels, and three she- camels, and four verses are better for him than four she- camels, and so on than their numbers in camels. "Muslim transmitted it" In this Hadeeth the preference of the verses rather than camels is a sign of its importance.

Identify the Program

All praises to Allah, the Lord of the worlds, and peace and salutations to our leader, the Prophet Mohammad, and all his companions, and those who follow them in benevolence until the Day of Ressurrection.

There is no doubt how much Muslims in need to get back to their Almighty God's Holy Book (the Qur'ân) especially now adays. Muslims have to read, recite, think deeply, memorize, and be guided by the Qur'ân. If the Qur'ân leads and shows the way, we will have the luxury life and fixing out society problems.

If anyone take a deep look on some Muslims miserable situations presently, he will recognize that happened due to neglecting their guide which Allah already said about it: "We have not sent the Quran down to you in order to upset you."

After the acknowledgment of the Qur'ân importance and recognizing that the best way of applying it is by memorizing and reciting it because the memorizer (hafiz) has to repeat the verses many times which leads to light the way for him. We have prepared and designed this unique and completed program as the way guider to the situation Allah wants the humanity to be in the life and to be admitted to Heavens as it is reported by Abu Buraidah that the Messenger Mohammed May the blessings of Allah be upon him! Said: 'whoever recites the Qur'an and teaches it and acts upon it, his parents will be crowned with a crown whose light will be like that of the radiance of the sun. His parents will be adorned with clothes which the world could not afford. They will enquire: 'why are we being clothed in these?' They will be informed because of your child upheld the Qur'an. Transmitted by al-Hakim and he classified it as sahih on the condition of Muslim.

4

Provide a program to reach an immortal perfect memorizing not temporary.

Show the way to anyone who wants to be a Qur'an's master.

5

6

Help the program user, participant, interpretate the Qur'an.

Program Approach

Statement of the Program Implementation Plan:

First, the participant has to follow his particular program approach or plan and trace the attached schedule as it is clarifying the reciting and revising. Draw your attention to whatever comes after the preposition (to) -in the daily schedule- is including in the same day plan and duty NOT in the day after it.

Second, to achieve the best results from the program, the participant should start from the first level and do not depend on his previous memorization unless his is certainly sure about it and it should be recently recited and memorized.

Third, the timetables had been divided to be applicable according to the chosen interval in order to complete and finish the plan in the specific time with an excellent memorizing as we hope. The daily memorizing amount division has been taken into consideration to be changed and fluctuated according to the semantic level of the verses.

Forth, the daily reviewing section designed in well thought plan that aims to a perfect and compiled memorization which is every participant's ambition. It should be noted that the revising and reviewing process has a critical rule to promote the high standard immortal reciting not only temporary.

Fifth, kindly, follow the integrated following plan whenever you have new verses to memorize:

a) At the beginning the participant ought to listen twice to recitation of the Qur'an with precise articulation and intonation -from a reading master- with contemplation and focusing in order to learn the correct pronunciation and intonation, raise the performance level, and to save effort and time.

b) The participant must repeat the preservation part not less than fifteen times (15) while looking at the verses at the same time. The only exception here is for (Perfect Memorizers

Program which is specialized for the once whom finished memorizing the whole Qur'an) which can repeat their part ten times (10) only. The aim of the repetition is to have an immortal reciting and memorizing which will make it easier to remember any time later. There is no doubt that much of repetition is exhausted at the beginning, but it will become an enjoyable habit if the memorizer takes in consideration that he is repeating Allah Almighty's Words and the reward of reading a letter is multiplied many times. Additionally, he/she would remember that this the way to master reciting and memorizing Allah's Book which if he/she done will reach the highest ranks in Paradise when it will be announced to the reciter of the Qur'an recite and ascend and recite slowly [artil– a technical term for tajwid] just as you were reciting inartil in the world. For sure your destination will be the place where you recite the final ayat.

Please note that the mentioned repetition number is an average in case of not getting the required level, the participant can repeat as much as it takes from him to reach his goal in the perfect memorization which is unique in some aspects; include:

1. Self-confidence from mis-reciting.
2. Unhesitant
3. Rememberable
4. Perfect performance / Dependable memorization

c) To make sure, the participant has to recite the preservation part three times for himself, by heart, without any mistakes, in case of any, he/she should repeat the same steps above.

Note: If the current part is more than one page the participant ought to divide it into one page each time and follow the same strategy with each page.

Sixth, this timetable -except the Perfect Memorizers Program which is specialized for the once whom finished memorizing

the whole Qur'an- is current to memorizing from the beginning of the Surat, a new chapter or section, in order to connect the previous verses with the new ones.

Note: This approach -mentioned in the fifth point- applies on the new reciting verses which it is the first time to memorize them (new ones only). For memorizing the whole surah (chapter) all together will be in the third time of self-reciting.

Seventh, the participant could follow the plan without any supervision from teachers or schools by listening to the recitation of the Qur'an with precise articulation and intonation -from a reading master- while mimicking and repeating after him exactly as he says the verses to engage the best pronunciation quality. After that, the memorizer could recite the verses to himself or for another person. You can memorize The Qur'an without any help or supervision from anyone by following the previous memorizing plan.

Eighth, after memorizing by hear the current part, the participant checks or puts (Done) in what he/she has achieved.

Ninth, the participant shall take a look at the intonation schedules (Tajweed) that attached the end of the program. These schedules characterized by facilitating the intonation's rules supported with examples. S/he might also take a look at the book "TAJWEED RULES OF THE QUR'AN" by Ash-Sheikh Dr. Ayman Swayed and Kareema Carol Czerepinski. In case of misunderstanding, the participant can watch any episode to clarify it.

Tenth, the participant might read some explication and interpretation of the Qur'an before start its memorizing and he/she could meditate and think about the meaning of the verses in order to understand The Qur'an then, apply it in the real and practicum life. Here we recommend these books: "The Qur'an, Reflect and Act" and "Simple Interpretation"

Eleventh, to have a typical memorizing the participant has

to differentiate between the “similar verses” by focusing and observation during reading verses and take some notes or highlight them in the participant’s own Qur’an Book. Besides, it is better to refer to books that specialized in classifying similar verses, this step will save a lot of time and effort for the participant.

Remember: the most important point is seeking the pleasure of Allah.
